Dr. Emmanuel Fombu

The Healthspan Futurist™

Global Speaker | Physician Executive | Author | Biotech & AI Strategist

With **over two decades of leadership** across clinical medicine, drug development, venture capital, investment banking, strategic advisory, medical affairs, AI in medicine, and biotech innovation, Dr. Fombu operates at the powerful intersection of science, technology, and human potential.

- **115+** Global Keynotes and Panels (2015 – 2025)
- **30+** Countries Spoken In
- **200,000+** Audience Members
- **1M+** Digital Replays
- **3x** Bestselling Author
- **10+** Major Pharma & Tech Keynotes
- **20+** Academic & Think Tank Talks

He is pioneering a **new paradigm** — where precision, prevention, and performance replace reactive, repair-based models of care. Through visionary leadership, cross-sector collaboration, and future-forward strategy, Dr. Fombu is building the systems, teams, and thought leadership that will define 21st-century medicine.
